

iJOBS Seminar: Leadership Skills and How to Be an Inclusive Leader
Thursday, February 11, 2021
1:30 PM

Srikant Iyer, Ph.D.
Associate Director
Science Alliance at New York Academy of Sciences
siyer@nyas.org

Srikant Iyer is the Associate Director, Science Alliance at New York Academy of Sciences. He leads program development to bridge skill gaps for graduate and post-doctoral fellows. Iyer received his PhD in Chemistry and Chemical Biology at Cornell University and was a post-doctoral fellow at Georgia Institute of Technology where he worked in the interdisciplinary field of biomedical, materials science and nanosciences which resulted in a patent and multiple scientific publications. Prior to joining the academy, Iyer was a research scientist at Johns Hopkins University. He developed metrics to quantify diversity and inclusion within academic institutions, organized and facilitated multiple workshops for top 100 STEM departments to increase diversity, inclusion and equity by engaging senior leaders and diverse stakeholders within academia.
