Garry Cooper, PhD is the CEO/Co-founder of Rheaply. Dr. Cooper is also an Advisory Board member of Techstars Chicago, Scholar at Google for Entrepreneurs, and an Adjunct Assistant Professor at Northwestern University Feinberg School of Medicine, Department of Physiology. Before Rheaply, Dr. Cooper was a Management Consultant at Ernst & Young, LLP in the Life Science Advisory practice where he worked in performance improvement and supply chain for clients. Before joining consulting, Dr. Cooper was a post-doctoral fellow at Northwestern University in the department of physiology at Feinberg School of Medicine, where he worked with Profs. Richard Silverman, Eric Weiss, and D. James Surmeier in furthering efforts to develop and identify a therapeutic measure to slow the progression of Parkinson's disease.
