

MANAGEMENT CONSULTING PROJECT OPPORTUNITIES

IN THE LIFE SCIENCES AND HEALTHCARE INDUSTRIES

WHO WE ARE

The Solution Lab is an educational nonprofit 501(c)(3) that provides training and leadership experiences to the next generation of healthcare and life science professionals. Through our flagship program, we have completed projects for top ten pharma firms, biotech and health tech startups, nonprofits, and financial services firms. We are growing alongside our clients and recruiting creative, motivated, and articulate volunteers to tackle issues in the life sciences and healthcare industries in New York City.

WHY APPLY

- 1) Gain real-world consulting skills and experience
- 2) Work and learn with the best and brightest - smart, motivated people with diverse backgrounds
- 3) Benefit from a strong network of professionals in management consulting, healthcare, and life sciences

POSITION RESPONSIBILITIES

Volunteer Analysts and Project Leaders work part-time on small, interdisciplinary teams and challenging projects for clients in the life sciences and healthcare industries.

Projects currently available include:

- Writing-based projects in therapeutic landscaping or for equity research clients
- Scientific program prioritization for biotech clients
- Indication prioritization for consulting firm clients
- Opportunity assessment for big pharma clients

ELIGIBILITY

Our exceptional volunteers enable us to turn science into solutions.

The following are qualities of ideal candidates:

- Pursuing or completed advanced degree (e.g., MD, PhD, MBA, MPH, PharmD, etc.)
- Background in healthcare, life sciences, and/or business
- Willing to commit at least 12 hours/week for 10-12 weeks
- Able to attend virtual meetings 2x/week

How To Apply

Submit a one-page resume with a bullet-pointed cover letter to:
recruiting@thesolutionlab.org
