

Women from Under-Represented Groups in Academic Biology Panel

Amariliz Rivera
Immunologist

Maribel Vazquez
Biomedical Engineer

Nataki Douglas
Physician Scientist

Renata Pasqualini
Cancer Biologist

Treena Arinze
Biomedical Engineer

...come hear from women in groups historically underrepresented in the sciences to learn how they got from completing their PhD training to their current position at Rutgers: running successful biology research labs, teaching, and performing university service. They will share their stories and advice!

Tuesday March 29, 2022

12-1:30 pm
