American Society for Microbiology Student Chapter

Mission Statement

Our mission is to encourage education, research and application of microbiology, and to widen our breadth of exposure to all facets of microbiology.

Pumpkin Painting

Rutgers Day

MISSION: Enrich graduate student experience by providing academic, professional, and social events; promote student-University relations.

Yearly Events:

- How to Survive Rutgers
- Open Projects Event
- BME Annual Symposium
- Resume/CV Building Event
- Industry Bootcamp
- End-of-the-Year BBQ
- Social events (BESS Hikes, Pumpkin Painting, Board Game/Movie Night)

The Official Rutgers Biomedical Engineering Student Society (BESS)

Chemistry and Chemical Biology

Graduate Student Organization

OUR MISSION

We aim to enhance the quality of graduate students' personal and professional lives by representing, supporting, and advocating for student needs as well as their academic, cultural, and social interests in the graduate program in the **Department of Chemistry & Chemical Biology**. Throughout the school-year, the **CCB GSO** works to facilitate a prosperous graduate student experience through social events, academic enrichment, industry networking, and collaborations with other STEM departments/GSOs.

WHAT IS THE NEUROCONNECTIONS CLUB

The NeuroConnections Club, is a Graduate Student Organization that is recognized and supported by the Rutgers GSA. We aim to unite students and faculty in the Graduate Program of Neuroscience.

WHAT WE AIM

NeuroConnections Club aim is to provide a platform for students to showcase their original research in regular student-led seminars and to offer a forum for scientific growth and professional development.

WHO WE ARE

Irving Estevez

Advisor: Brian Daniels
Virology and Neuroinflammation

Nick Pontillo

Advisor: Isaac Edery
Circadian Rhythm, Homeostasis, Development

Sam Gritz

Advisor: Rafiq Huda
Alcoholism, Systems Neuroscience

Hanna Caiola

Advisor: Huaye Zhang
Dendritic spines, epigenetics

Alessandro Bortolami

Advisor: Federico Sesti
Potassium ion channel and epilepsy

Nusrath Yusuf

Advisor: Kevin Monahan
Neurodevelopment and computational neuroscience

Maraj Alam

Advisor: Peng Jiang
iPSCs and glia-glia interactions
