Course Description

During this course we will work together to each design a course we might someday teach. We will begin with learning goals and backwards plan to create course materials, develop assessments of student learning, plan activities to engage students, and produce thoughtful syllabi that can be used for teaching and going on the job market. We will also discuss different ways to convey course content, culture, and expectations with engagement and inclusivity as a key focus.

Note: To take this course, you must have at least two semesters of college level teaching or teaching assistant (TA) experience OR have previously taken Introduction to College Teaching (16:168:855).

Learning Goals

Upon successful completion of this course, you will have constructed or redesigned the following elements of an original college-level course syllabus:

- A course description
- A set of course learning goals, objectives, or outcomes
- A short list of assessments and their grade weights
- Sample assessments and classroom activities
- An outline of course thematic units and topics
- A description of course policies

Course Schedule

We will meet for 11 weeks, skipping two weeks at the end of November. Our meeting dates will thus be:

Wednesdays

September 11th, 18th, and 25th; October 2nd, 9th, 16th, 23rd, 30th; November 6th, 13th; December 4th

Course Expectations

Upon enrolling in this course, you will be expected to do the following:

- Attend all weekly meetings on time.* Attendance for each meeting will be important in understanding course concepts and applying them in assignments.
 - We understand that it may be challenging to attend each synchronous session. If you have a conflict or emergency (e.g., illness, family emergency, religious observances, etc.), please contact one of the instructors <u>as soon as possible</u> to communicate your absence.
 - If you are absent, you may be asked to complete an additional assignment to ensure you are caught up on course material. Please reach out to your instructors for more information.
- **Come prepared to participate in discussions.*** These meetings are designed with active participation and engagement in mind so that each person can contribute their perspectives and experiences. We believe that sharing these diverse perspectives enriches discussions and enhances understanding of topics in online learning.
- Check the announcements on Canvas before class each week. You may be asked to complete readings before class. We will also post reminders for course due dates or just class updates.
- **Submit all assignments in a timely manner**.* Assignments are designed to help you develop your syllabus over the course of the semester. All assignments are required for successful completion of this course.
 - Though you will be given some time during class periods to work on the assignments, you will also be given time after class if needed to finish the assignments before they are due.
 - For each assignment to be considered complete and to ensure you will receive feedback from the instructor, assignments need to be uploaded to Canvas by their due date.
 - Complete and upload your final syllabus to Canvas before November 30th at 4:30pm.

*Because this is a zero-credit course, successful completion of the course depends largely on attendance and completion of assignments. Thus, failure to attend/participate/complete assignments for any two weeks of the semester will result in this course being removed from your transcript.

Technology Policy

To effectively engage in this course, you will need access to reliable internet and a personal laptop or computer. We request that you turn on a webcam for meetings and encourage using headphones if you are in a public space during online synchronous sessions. You will also need access to Zoom, Canvas, Word, and Adobe, which are provided by Rutgers.

Respect for Diversity

In this course, we recognize that our individual differences deepen our understanding of one another and the world around us, rather than divide us. In this class, people of all ethnicities, genders and gender identities, religions, ages, sexual orientations, disabilities, socioeconomic backgrounds, regions, and nationalities are strongly encouraged to share their rich array of perspectives and experiences.

If you feel your differences may in some way isolate you from Rutgers' community or if you have a need for any specific accommodations (e.g., disability accommodations, religious observances, etc.), please speak with one of the instructors early in the semester about your concerns and what we can do together to help you become an active and engaged member of our class and community.
